**Designed for
ages 7 - 9!**

Learning Outcomes

Embark on a designated mission to solve a real-world problem by applying STEMIE 7-step design thinking methodology

Draw inspiration from biomimicry, and brainstorm creative solutions using SCAMPER ideation technique.

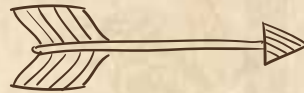

Learn to prototype using recyclables in an eco-friendly approach and present your solution.

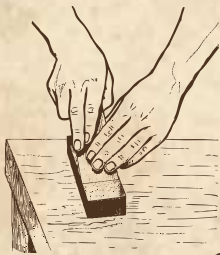

Your Journey

~~INVENTION CONVENTION~~

Refine & pitch
your idea

Design & build
your solution

Identify & define
your problem
